## TO ALL BUREAUX – MEMBERS OF THE GREEN CARD SYSTEM

### RE: UA Green Cards adapted for filling with using the printer

Dear Colleagues,

Further developing our Green Card insurance market we would like to inform you that **since the 1<sup>st</sup> of January 2019** our Members will issue only Green Cards **adapted for filling with using the printer.**

Starting from the 1<sup>st</sup> January 2019 the handwritten Ukrainian Green Cards **will not be issued by our Members any more.** All the handwritten Green Cards issued before the said date will be valid until the expiry of the period stated in the relevant Green Cards.

In case the handwritten Ukrainian Green Cards with issuance after the 1<sup>st</sup> January 2019 are revealed by foreign competent authority or handling party we kindly ask all the stakeholders to **pay special attention to such Green Cards** in order to **avoid fraudulent documents circulation.**

Motor (Transport) Insurance Bureau of Ukraine absolutely does guarantee all the Green Cards issued by our Members in compliance with the provisions of the Internal Regulations.

Yours sincerely,  
Mykola Lutak  
Green Card Bureau Director
